

Process Calcium Lime and Rust Remover

Description:

Process Process Cleaning Solutions Calcium Lime and Rust Remover gently removes soils without harming staff, surfaces cleaned or the environment. Suitable for use around chemically hypersensitive individuals

Uses:

Daily cleaning of Urinals, toilets, fixtures, showers, tubs, ceramic tiles and floors

Directions for use.

Restoring urinals, toilets and fixtures:

1. Apply Process Calcium Lime and Rust remover undiluted. Allow to dwell on surface then agitate with bowl brush or scouring pad and rinse.
2. For extremely soiled fixtures, reapply and let sit for 15 minutes before brushing.
3. Process Calcium Lime and Rust remover is not corrosive and gently loosens and dissolves lime and rust.

Restoring Showers and Tubs:

1. Removal of soap scum build up, dilute 1 part Process Calcium Lime and Rust Remover and 40 parts water.
2. Apply to surface. Allow a short dwell time, agitate and rinse.

Removing mold and mildew, restoring grout lines and maintaining ceramic tile floors:

1. Dilute 1 part Process Calcium Lime and Rust Remover with 40 parts water.
2. Apply to surface. Make sure to wet all areas well. Allow a short dwell time and scrub thoroughly.
3. Damp wipe or rinse and allow to air dry.

Daily cleaning of ceramic floors:

1. Dilute 1 part Process Calcium Lime and Rust Remover to 256 parts water.
