

PCS PEROXY MICROCLEAN CONCENTRATE

THE POWER OF GREEN

PCS Peroxy MicroClean Concentrate is an all-natural, organic multi-purpose cleaner supercharged by hydrogen peroxide. Peroxy MicroClean is the ideal choice for greening any facility.

PCS Peroxy MicroClean Concentrate is the only product needed for most cleaning tasks.

SAFE

- 325 times less toxic than conventional detergent cleaners
- Safe for people, pets, and the planet
- Surfactant (detergent)-free and fragrance-free
- No VOCs
- Unregulated by Workplace Hazardous Materials Information System (WHMIS)
- Will not harm floors, glass, electronic displays, or any surface that is not damaged by water
- Sustainable—no chemical waste disposal

EFFICIENT

- Non-residual—floors are brighter and stay clean longer
- Requires no rinsing
- Cleans and removes residues left by other cleaners and/or disinfectants
- Does not leave streaks or smears that require redo
- Superior results with a single pass

ECONOMICAL

- Cleans floors, walls, counters, carpet, glass, stainless steel—any surface that can't be damaged by water.
- Works with all types of equipment—mop/bucket, auto scrubbers, microfiber, low-moisture and extraction units
- Removes mildew, including in showers and around window sills
