

ANTIMICROBIAL STEWARDSHIP

PROGRAM

Working with public health, infection control and other industry experts on how we can all join the world wide battle to slow bacterial resistance development to our therapeutic drugs.

“Limiting and Interrupting the Spread of Antibiotic-Resistant Infections in the Community Preventing the spread of infection in the community is a significant challenge, and many prevention interventions are used, depending on the type of infection and the route of transmission.”

US Department of Health and Human Services
Centers for Disease Control and Prevention

PCS Process Cleaning Solutions is devoted to cleaning in such a way as to:

- protect public health
- protect the environment
- protect the most sensitive among us
- prevent the spread of antibiotic resistant bacteria
